

**In Memory of
Dr. Gilbert Casterlow, Jr.**

We offer our deepest condolences to the family of Dr. Gilbert Casterlow on his passing. Gilbert was a longtime member and leader of NCCTM having served as the Central Region President along with several other positions on the Board of Directors. In 1994, Gilbert was recognized by NCCTM for his outstanding work in mathematics education as a recipient of the W.W. Rankin Award, our highest honor. His leadership in Mathematics Education throughout the state was exemplary, including work with the UNC Mathematics and Science Education Network. He was an outstanding teacher and a strong advocate for students. Gilbert was recognized with many teaching awards and service awards during his career at NC A&T. Gilbert and his wife Patricia also established the G and P Casterlow Endowed Scholarship in Mathematics, Secondary Education at NC A&T. You will find more details about Gilbert, his life and career, at <https://www.articobits.com/obituaries/perry-j-brown-funeral-home/gilbert-casterlow-jr-obituary>

What I will remember most about Gilbert was his enthusiastic personality and his welcoming smile whether I had seen him last week or last year. He was a great man, and he leaves a wonderful legacy in the hundreds of students and teachers he taught and mentored. Mathematics Education is better for having been the focus of Dr. Gilbert Casterlow, and all of us mourn his passing.

Dr. Kathy M. C. Jaqua
President, NCCTM
