

NCCTM Western Region Math Fair 2018

The NCCTM Western Region is sponsoring a Mathematics Fair for student projects on Saturday, March 24, 2018 in the Plemmons Student Union at Appalachian State University in Boone.

Only students attending school in North Carolina are eligible to enter.

Visit <http://tinyurl.com/ncctmwestmath> for more information and to fill out the online registration form located on the Participant or Parent/Teacher page. Fill out **one** form for each project.

There will be a \$10.00, nonrefundable, registration fee for each student entering a project.

- When sending in the registration fee, please include all students' names that are covered by the payment.
- No student substitutions will be permitted. No late registrations will be accepted with absolutely **no** exceptions.

There will be a 5 minute limit on student oral presentations.

Note: See the website for more information and registration.

The maximum size of the project:

- A. One (1) meter in width (side to side)
- B. One and a quarter (1.25) meters in height
- C. Any displayed items must fit on the table in front of the project board.

NOTE: There can be no add-ons on the sides or on the top that extend the size of the project board beyond the given measurements. Also, measure boards when they are standing up as they will be used in the display at the math fair. All projects must be displayed on a tri-fold project board. All measurements will be made at the widest points. Projects that fail to meet these requirements will not be judged.

Eligibility and Categories

Only students attending school in North Carolina are eligible to enter. Projects may be entered in the following categories:

Grades K-2 (Individual* or Class Projects)

Grades 3-4 (Individual* or Class Projects)

Grades 5-6 (Individual* or Class Projects)

Grades 7-8 (Individual* Projects)

Grades 9-12 (Individual* Projects)

Class projects must involve a majority of the students in that class. Individual projects involve one or two students only. Projects must be pre-registered (online) to be accepted for competition, and an e-mail confirmation will be sent for each registration received once payment is received. There is a limit of 6 projects per category per school. During the judging, each project must be represented by 1 or 2 students whose names appear on the project.

*If a student is paired up with another student from a different division, then they must compete in the higher division. For example, if a 6th grader and a 7th grader partner on a project, then the project has to be entered into the middle school (7-8) division.
