

## **Application for Student Affiliate Project Grant Money**

The North Carolina Council of Teachers of Mathematics through its grants to student affiliates, provides incentive funding as they develop activities and projects to enhance mathematics education. This program will provide funds for special projects which will enhance the teaching, learning, and enjoyment of mathematics. There is no preconceived criterion for projects except that students should receive an on-going benefit from the grant. Available to current student affiliates of NCCTM in good standing, the grants are in the amount of \$250. One grant will be awarded per year, and the award process is competitive. Grant proposals must be emailed as a **Word** document on or before **November 15**. You will receive an email confirmation of receipt once your proposal has been received. If you do not receive a confirmation within one week, it is your responsibility to follow-up with the Chair of the Student Affiliates Committee, Holt Wilson (holtwilson@uncg.edu).

## STUDENT AFFILIATE PROJECT GRANT APPLICATION GUIDELINES

For your project proposal to receive favorable consideration, the guidelines below should be followed. Use section one (I) as an outline for your proposal, being certain to incorporate the points in section two (II) - The proposal should be typed or printed clearly in black ink to facilitate reproduction for judging-

### **I- Projects will be evaluated on the following criteria:**

- A. Purpose/objectives
- B. Justification (why project is important)
- C. Implementation/plans
- D. Impact - # of students, reusable materials, etc.
- E. Economic feasibility (can it be done with funds requested)

### **II. Project proposal should include the following:**

- A. Completed and signed cover sheet (see below)
- B. What the project is expected to accomplish
- C. Specific/details of the project
- D. Number of students to be served
- E. Detailed budget (No Stipends)
- F. How you will share the outcomes of your project (i.e., submit an article to the **Centroid**, present at the state or regional conference, etc.)

### **III. Possible projects for consideration include:**

Math clubs, field days, contests, math activities and laboratories, research projects/topics, family math, and parent workshops, etc. This list is not meant to limit you to these ideas. Creativity is encouraged.
